- Configurable E-mail Notifications
- cGMP and 21 CFR Part 11 Compliant
- Easy to Use, Web Based Graphical Interface
- LDAP and J2EE Compliant

CLINapps Inc. is pleased to announce the release of **SmartSupplies RAR!**

SmartSupplies RAR is an easy to use, fully web enabled software solution that works as a stand alone application or as an add-on to your existing **SmartSupplies** system. It empowers clinical organizations of all sizes to **effectively perform reconciliation, accountability and returns** activities associated with investigational materials.

SmartSupplies RAR was designed by Clinical teams! **SmartSupplies RAR** identifies the materials that need to be reconciled and provides both Online and Remote Data Entry (RDE) modes. Reconciliations performed using the RDE, can easily be imported back into the **SmartSupplies RAR** application to synchronize the data.

Features

- ➔ Combines Shipment, Return, and Reconciliation Histories to provide Rapid Stock Recovery Requirements
- ➔ Identifies the materials that need to be reconciled at each investigational site
- ➔ Perform rapid reconciliations in either on-line or remote data entry modes
- ➔ Upload site reconciliation forms/worksheets for easy tracking of information
- ➔ Combine site shipment history, return history, and reconciliation history to establish current reconciliation needs
- ➔ Provide explanations for any deviations or problems encountered
- ➔ Maintain the blinding of materials during reconciliation process
- ➔ Allows for multiple reconciliations until all materials have been fully reconciled
- ➔ Generate On-Line returns of partially used or unused inventory
- ➔ Attach return drug management forms/worksheets and shipping invoices to return requests
- ➔ Track and update the status of returns with ease
